Prioritization

SHIFT Kentucky Ahead

Strategic Highway Investment Formula for Tomorrow

- KYTC created a data-driven, objective approach to set priorities for spending available dollars
- Combines objective measures (quantitative) with insights of local, regional leaders (qualitative)

Crews from each one of our counties worked overnight and continue to work this morning despite the frigid and dark conditions. Main routes are mainly clear with some patchy coverage. More rural roads are most likely still covered. Please use caution this morning. #kywx
